**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Frame (U.S. Patent 1,639,495) teaches angled rings and also teaches telescoping rings (Figures 3-5, 9 and 10); however, the upper sleeve in the telescoping configuration consistently has parallel top and bottom surfaces. The angled sleeves are provided beneath the upper sleeve. The manner in which the configuration of the present application is claimed is patentably distinct from the manner in which these angled rings are stacked upon one another beneath the upper sleeve in Frame. The prior art does not provide teachings which overcome the deficiencies in Frame.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary Hartmann whose telephone number is 703-305-4549. The examiner can normally be reached on Monday through Friday, 9am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Will can be reached on 703-308-3870. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
